

Product no **AS18 4181****DYKDDDDK (binds to Sigma FLAG®), Biotin-conjugated**

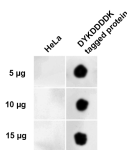

Product information

- Immunogen** | KLH-conjugated DYKDDDDK (FLAG®) synthetic peptide.
- Host** | Rabbit
- Clonality** | Polyclonal
- Purity** | Immunogen affinity purified in PBS pH 7.4, 50% glycerol, 0.09% sodium azide.
- Format** | Liquid
- Quantity** | 100 µg
- Storage** | Store at -20 °C.

Application information

- Recommended dilution** | 1: 100 (WB)
- Confirmed reactivity** | DYKDDDDK tagged proteins
- Not reactive in** | No confirmed exceptions from predicted reactivity are currently known
- Additional information** | For in vitro research use only

Application example

Dot Blot using anti-DYKDDDDK (1:1000 for 2h/RT) on tissue: DYKDDDDK (FLAG®) Positive Control Lysate.
