

Product no **AS15 2921****HA, conjugated to Alkaline Phosphatase (Clone 16B12)****Product information**

|                               |   |
|-------------------------------|---|
| <b>Immunogen</b>              | HA-tag: CYPYDVPDYASL  |
| <b>Host</b>                   | Mouse   |
| <b>Clonality</b>              | Monoclonal  |
| <b>Purity</b>                 | Immunogen affinity purified in 25 mM Tris, 150 mM NaCl, 5 mM MgCl <sub>2</sub> , 0.12 mM ZnCl <sub>2</sub> , pH 7.4. with 2 mM sodium azide.                                |
| <b>Format</b>                 | Lyophilized   |
| <b>Quantity</b>               | 100 µg  |
| <b>Storage</b>                | Store at 2-8°C. Product is stable for up to 4 weeks at 2-8°C after rehydration. For extended storage after rehydration, add an equal volume of glycerol and Store at -20°C. |
| <b>Additional information</b> | Antibody is provided in: 25 mM Tris, 150 mM Sodium Chloride, 5 mM Magnesium Chloride, 0.12 mM Zinc Chloride, pH 7.4 with 2 mM Sodium Azide                                  |

**Application information**

|                             |  |
|-----------------------------|--|
| <b>Recommended dilution</b> | The optimal working dilution should be determined by the investigator  |
