Product no AS09 445

IAA | Indole-3-acetic acid (C1') (for immunolocalization)

Product information

Immunogen BSA- conjugated, via C1 carboxyl group, indole-3-acetic acid (C1')

Host Rabbit

Clonality Polyclonal

Purity Total IgG. Protein G purified in PBS.

Format Liquid

Quantity 200 μg

Storage Storage Store at -20°C; once reconstituted make aliquots to avoid repeated freeze-thaw cycles. Please remember to spin the

tubes briefly prior to opening them to avoid any losses that might occur from material adhering to the cap or sides of the

tube.

Additional information IAA | Indole-3-acetic acid (C1') (for immunolocalization)

Application information

Recommended dilution to be determined by end user

Confirmed reactivity indole-3-acetic acid (C1')

Predicted reactivity IAA | indole-3-acetic acid (C1')

Not reactive in No confirmed exceptions from predicted reactivity are currently known

Additional information This antibody is binding not only free IAA, but also IAA conjugates at C1, glucosylester as well as amino acid

conjugates.
