

Product no **AS21 4675**

mStrawberry

Product information

Immunogen	Recombinant mStrawberry protein
Host	Mouse
Clonality	Monoclonal
Subclass/isotype	IgG
Purity	Affinity purified in PBS pH 7.4. Contains 0.02 % sodium azide. Contains 50 % glycerol.
Format	Liquid
Quantity	50 µg
Storage	Store at -20 °C; make aliquots to avoid repeated freeze-thaw cycles. Please remember to spin the tubes briefly prior to opening them to avoid any losses that might occur from any material adhering to the cap or sides of the tube.

Application information

Recommended dilution	1 : 5000 (WB)
Expected apparent MW	depends upon MW of fusion partner
Confirmed reactivity	mStrawberry
Selected references	To be added when available, antibody available in October 2021.
